BEFORE YOU START

How to use this list

1. **Read it out loud.** Say the pinyin with its tone every time, not just in your head.
2. **Learn a little every day.** 20 new words a day takes you through the whole list in under two months.
3. **Tick the box** once you can read the characters and give the meaning without looking at the other columns.
4. **Cover a column to test yourself.** Hide the meaning, then the pinyin, then try from English back to Chinese.
5. **Review the unticked words** at the end of every week before adding new ones.

幽默 — yōumò — adjective — humorous

Each entry shows the characters, the pinyin, the word type and the meaning. A word type in an outlined tag, like (noun), is a less common use of that word.

WHAT'S IN THE 1,000 WORDS

Counted by each word's main type. "Measure word" covers classifiers like 棵, 趟 and 项. "Particle" covers grammar words like 等 and 之. Phrases are fixed expressions like 打招呼 and 开玩笑. Words that appear twice, like 空 kōng / kòng or 生¹ / 生², are different words.
