BEFORE YOU START

How to use this list

1. **Read it out loud.** Say the pinyin with its tone every time, not just in your head.
2. **Learn a little every day.** 15 new words a day takes you through the whole list in about 11 weeks.
3. **Tick the box** once you can read the characters and give the meaning without looking.
4. **Cover a column to test yourself.** Hide the meaning, then the pinyin, then go from English back to Chinese.
5. **Review the unticked words** at the end of every week before adding new ones.

愛惜 — **àixí** — verb — To cherish, value

Each entry shows the characters (Traditional), the pinyin, the word type and the meaning. When the official list gives several forms, like 這裡 / 這兒, they are all shown: any of them is correct.
