TOCFL VOCABULARY LIST

TOCFL Novice 1
160 words

準備級一級 · Before A1. The very first words: yourself, numbers, people and simple daily needs. Every word with pinyin, word type and meaning, plus a box to tick when you know it.

準一

160	**new words**, by topic, as in the official list
1st	**step** of the TOCFL: start here
繁	**Traditional characters** and Taiwan pinyin, as used in the TOCFL

BEFORE YOU START

How to use this list

1. **Read it out loud.** Say the pinyin with its tone every time, not just in your head.
2. **Learn a little every day.** 10 new words a day takes you through the whole list in about 2 weeks.
3. **Tick the box** once you can read the characters and give the meaning without looking.
4. **Cover a column to test yourself.** Hide the meaning, then the pinyin, then go from English back to Chinese.
5. **Review the unticked words** at the end of every week before adding new ones.

覺得 — juéde — verb — To feel / think

Each entry shows the characters (Traditional), the pinyin, the word type and the meaning. When the official list gives several forms, like 這裡 / 這兒, they are all shown: any of them is correct.

WHAT'S IN THE 160 WORDS

Word types follow the official TOCFL codes, grouped for readability: **adjective** = state verbs (Vs), **verb** = all other verbs (V, Vi, Vst, Vp…). Separable verbs keep their code (**V-sep**): they can split around an object, like 睡**個**覺.
